

Gonville Academy Overview of Coverage:

Discovery covers a wider range of our wider curriculum subjects such as Art, DT, RE, Geography, History and Science.

Individual lessons taught discretely and separate from this are: Music, PE, RSE, Computing, MFL & P4C which links directly to prior concepts and SMSC & cultural capital.

We take every opportunity to make links across the curriculum and have given examples of how we do this through our discovery curriculum. Where you see e.g., this is an example and not exhaustive of the links made in that area.

Year 6
